

G.R.O.W Stories

In 2025, Mt Olive adopted the G.R.O.W. Vision as a way to live out God's mission for our church in a focused, intentional, and relational way. G.R.O.W. stands for **Guide in truth, Relate in Love, Obey in Action and Witness to others** - four core values that help us understand how God is calling us to follow Jesus in every area of our lives.

Why This Newsletter?

This newsletter exists to keep our Mt. Olive family connected, inspired, and informed. Each issue will show how we are living out the G.R.O.W. Vision—guiding in truth, relating in love, obeying in action, and witnessing to others—so that everyone can see and participate in the life of our church.

Growzone

This year, we launched **GROWzone**, our Wednesday night ministry that brings the Mt. Olive family together for worship, a fellowship meal, and Bible study. **GROWzone is for all ages**, providing opportunities to grow in faith and learn more about Jesus.

Through this ministry, we've expanded Bible study offerings for adults and children and have started a **Jr. Youth Ministry**. GROWzone also provides access to **RightNow Media**, a Bible study resource designed for churches. As a member of Mt. Olive, you are welcome to use this service.

If you would like access, please send a message to garret.kasper@molcs.org.

Missional and Leadership Development

Living Sent is a missional class that teaches you how to live on mission by actively participating in the Great Commission. This class offers practical guidance for putting your faith into action in your everyday life.

Lead to G.R.O.W. invites you not only to live on mission but also to engage with our church's vision. Alongside the pastor, you will be equipped to lead and support our congregation through every season, helping the Gospel continue to shine brightly in our community and beyond.

Facility update

In 2025, we made changes to the church sanctuary by removing the pews and replacing them with padded chairs. We removed the projector screen from the sanctuary and replaced it with a TV. We also covered the rest of the tiles with carpet. **See reverse side for pictures.**
